Published in collaboration with Mynook Studio, Phelan's original artwork and a haunting script combine to create a captivating tale that sets the classic fairy tale on a hard-boiled, 80s New York noir detective tale. "I loved the concept and the collaboration was great," said Phelan. "I'm a big fan of the old noir detective stories and the novel is my first attempt at a noir story. I hope the book will entertain a lot of people, in particular with the themes of love and crime." Phelan will be joined by special guest Tress MacNeille, star of the 1988 cult classic horror movie "Candyman" and legendary voice actress behind such animated characters

as Disney's Fantasia, Felix the Cat and Yogi Bear. MacNeille will be providing voice direction for the audio book and may even make a cameo as an investigator in the story. Phelan will have a limited number of signed books available for sale at the event and will be performing a story reading to commemorate the launch. "I'm thrilled to be a part of this event," said MacNeille. "Matt has created a fantastic graphic novel. It's like a great noir fantasy." Featuring original artwork from Phelan and a haunting script, *Snow White in Noir* explores the cold heart of New York City during the Great Depression and the dangers of modern life. Trying to solve the mystery of the missing love of her life, Meg LaFave uncovers a gruesome truth about the events of Christmas Eve, 1929. As the new year looms, Meg will face a choice: her time in the Big Apple has taught her the importance of love, but it's a price she's willing to pay. "Snow White in Noir is my first attempt at a noir story," said Phelan. "As such I hope the book will entertain a lot of people, in particular with the themes of love and crime." The timing of this book couldn't be better as Matt Phelan's original artwork and a haunting script combine to create a captivating tale that sets the classic fairy tale on a hard-boiled, 80s New York noir detective tale.
